Appendix 3B Notice

Completion of SPP – Issue of New Shares

The response to the recent SPP from shareholders was strong, resulting in greater than anticipated demand.

The Board is very encouraged by the level of support shown towards the Company and its work programs. Accordingly, the Board **has decided to exercise its discretion under the terms of the SPP and accept the oversubscription amount to the SPP, thus allowing all subscribers to participate.**

The Company had originally estimated the SPP would provide approximately \$450,000 in new capital, but **the final amount received and now accepted is \$790,500.** This is an excellent result for the Company.

The SPP when combined with the recent placement (which was also completed at 3.0 cents per share and raised \$1.75m) **provides \$2.54m in additional capital to the Company,** leaving the Company well funded heading into 2013. Associated costs to both issues were minimal.

The final position on the recent SPP is as follows:

1. A total of **26,350,000 RIM fully paid shares** will be issued **at 3.0 cents** per new ordinary share providing **\$790,500** of additional capital to the Company.
2. Allotment of the total number of new ordinary shares occurs **26th September 2012.**

The Company again expresses its gratitude for the participation and ongoing support shown in the SPP by shareholders.

It should also be noted that percussion (OHH) drilling is currently underway on the NE area of the Sorpresa Gold Project at Fifield NSW and the Company looks forward to providing further updates on its progress in due course.

Executive Chairman
