¹ “Corporate governance statement” is defined in Listing Rule 19.12 to mean the statement referred to in Listing Rule 4.10.3 which discloses the extent to which an entity has followed the recommendations set by the ASX Corporate Governance Council during a particular reporting period.

Listing Rule 4.10.3 requires an entity that is included in the official list as an ASX Listing to include in its annual report either a corporate governance statement that meets the requirements of that rule or the URL of the page on its website where such a statement is located. The corporate governance statement must disclose the extent to which the entity has followed the recommendations set by the ASX Corporate Governance Council during the reporting period. If the entity has not followed a recommendation for any part of the reporting period, its corporate governance statement must separately identify that recommendation and the period during which it was not followed and state its reasons for not following the recommendation and what (if any) alternative governance practices it adopted in lieu of the recommendation during that period.

Under Listing Rule 4.7.4, if an entity chooses to include its corporate governance statement on its website rather than in its annual report, it must lodge a copy of the corporate governance statement with ASX at the same time as it lodges its annual report with ASX. The corporate governance statement must be current as at the effective date specified in that statement for the purposes of Listing Rule 4.10.3.

Under Listing Rule 4.7.3, an entity must also lodge with ASX a completed Appendix 4G at the same time as it lodges its annual report with ASX. The Appendix 4G serves a dual purpose. It acts as a key designed to assist readers to locate the governance disclosures made by a listed entity under Listing Rule 4.10.3 and under the ASX Corporate Governance Council's recommendations. It also acts as a verification tool for listed entities to confirm that they have met the disclosure requirements of Listing Rule 4.10.3.

The Appendix 4G is not a substitute for, and is not to be confused with, the entity's corporate governance statement. They serve different purposes and an entity must produce each of them separately.

² Tick whichever option is correct and then complete the page number(s) of the annual report, or the URL of the web page, where your corporate governance statement can be found. You can, if you wish, delete the option which is not applicable.

³ Throughout this form, where you are given two or more options to select, you can, if you wish, delete any option which is not applicable and just retain the option that is applicable. If you select an option that includes “OR” at the end of the selection and you delete the other options, you can also, if you wish, delete the “OR” at the end of the selection.

See notes 4 and 5 below for further instructions on how to complete this form.

2025 Corporate Governance Statement

The Board of Rimfire Pacific Mining Limited (the “**Company**”) is responsible for the overall corporate governance of the Group. The Board believes that good corporate governance helps ensure the future success of the Company, adds value to stakeholders and enhances investor confidence.

The Board has created a framework for managing the Company including adopting relevant internal controls, risk management processes and corporate governance policies and practices which it believes are appropriate for the Company’s business and which are designed to promote the responsible management and conduct of the Company. In establishing its corporate governance framework, the Board has referred to the 4th edition of the ASX Corporate Governance Councils’ Corporate Governance Principles and Recommendations (**ASX Recommendations**).

The ASX Listing Rules require listed companies to prepare a statement disclosing the extent to which they have complied with the Recommendations during the reporting period. The Recommendations are not prescriptive, such that if a company considers a recommendation to be inappropriate having regard to its own circumstances, it has the flexibility not to follow it. Where a company has not followed all the Recommendations, it must identify which Recommendations have not been followed and provide reasons for not following them.

The Corporate Governance Statement (**Statement**) discloses the extent to which Rimfire Pacific Mining Limited has followed the Recommendations, or where appropriate, indicates a departure from the Recommendations with an explanation. This Statement should be read in conjunction with the material on our website www.rimfire.com.au, including the 2025 Annual Report.

This statement is current as of 30 September 2025 and has been approved by the Board of Directors of the Rimfire Pacific Mining Limited.

The Board aims to protect and enhance the interests of its shareholders, while considering the interests of other stakeholders, including employees, suppliers, and the wider community.

The Board has a formal Board Charter which is available on our website at www.rimfire.com.au.

The Board Charter sets out the specific responsibilities of the Board, requirements as to the Board’s composition, the roles and responsibilities of the Chairman and Company Secretary, the establishment, operation and management of Board Committees, Directors’ access to Company records and information, details of the Board’s relationship with management, details of the Board’s performance review and details of the Board’s disclosure policy.

The Board delegates responsibility for the day-to-day management of the Company and its business to the Managing Director (MD) and Chief Executive Officer (CEO). The MD is supported by the senior executive team and delegates authority to appropriate senior executives for specific activities. The Board maintains ultimate responsibility for strategy, control and risk profile of the Group.

Recommendation 1.2: Appointment of Directors

The Company adopts a common-sense approach that a person of the right experience, skills and aptitude for a particular vocational need will be chosen for a vacancy within the Company. This has resulted in diversity in the workplace as a natural outcome, rather than a formulated approach.
