

FIRENZE AND THESEUS PROJECT ACQUISITIONS COMPLETE

Altitude Minerals Ltd (**Altitude** or **Company**) (**ASX: ATT**) is pleased to announce that, following shareholder approval at today's Annual General Meeting (**AGM**), the Company is now completing the final step to 100% ownership of the Theseus Project in NSW and 100% ownership of the Firenze Project in Nevada, USA. This secures highly prospective projects in two top-tier jurisdictions, both of which contain world-class operating mines.

Theseus Au & Cu Project, Macquarie Arc, NSW

On 23 May 2025, the Company announced an agreement to purchase three complementary tenements to Altitude's 100% owned EL9805 Wirrinya tenement, from Rimfire Pacific Mining Limited (ASX: RIM or Rimfire) in NSW. Specifically, the three RIM NSW tenements 8329, 8804 and 9397 known as Rimfire's Cowal Project. RIM granted ATT a 6-month exclusive option to acquire the project outright, subject to certain milestone payments and royalties. The outright purchase requires the payment of \$100,000 in cash and an additional \$100,000 in shares or funds at the Company's election. Following approval at the AGM, the Company has elected to acquire the Theseus Project, via issue of shares pursuant to AGM resolution 8 and payment of \$100,000 cash. The number of shares has been determined using the Company's 20-day VWAP prior to the date of issue - 2,667,745 ATT shares.

Firenze Ag & Au Project, Nevada, USA

On 17 September 2025, the Company announced an agreement for an option to purchase the Firenze Project from Orogen Royalties Inc (TSXV: OGN), allowing Altitude to purchase and pay Orogen US\$100,000 in cash by 2 October 2025 (completed), with a second and final tranche of US\$300,000 in cash or shares (subject to shareholder approval) before 30 November. Following shareholder approval at the AGM, the Company will now issue US\$300,000 of shares pursuant to AGM resolution 9. The number of shares has been determined using the Company's 20-day VWAP prior to the date of the AGM – 12,252,350 ATT shares.
